

Dear (Credit Union Member),

We want to fully serve your entire household and make you feel like a welcome member of our credit union family, so we're offering a little something for your young family members.

The Kirby Kangaroo Club is a fun, educational program that allows young savers ages 12 and under to interact with other kids, be surrounded by positive role models, and learn important lessons about money.

Through the Kirby Kangaroo Club, children can develop good saving habits and learn how their credit union works. Members of the Kirby Kangaroo Club will receive their own membership card, passbook and regular mailings.

Club members also get the chance to participate in special events and activities sponsored by our credit union throughout the year.

For a limited time, children depositing \$25 or more in a new Kirby Kangaroo Club Account at Guardian Credit Union will receive a goodie bag, FREE! Now is a great time to open a special savings account for your child or grandchild.

Open a Kirby Kangaroo Club Account for the special child in your life and watch their excitement and knowledge grow. To open an account, simply call 334-244-9999 or visit one of our 4 convenient office locations.

Sincerely,
Landel Casey
